# MARELUX

# Flexibuoy

# User Manual

Please read this user manual carefully before starting to use the product, and use the product properly based on the thorough understanding of this user manual.

https://www.marelux.co/

# Installation

Attach the snap hook of the Flexibuoy to the clamp or attach it to the ball arm.

# Usage

When diving, as needed, blow air into the regulator mouthpiece, which will inflate the flexibuoy to provide buoyancy. (This product can only be used underwater)

Before exiting the water, squeeze the flexibuoy by hand to release the air.
